Allowed and Allowable Subject Matter

Applicant notes with appreciation that claims 37-40 were allowed.

Amendments to Claims 17, 21-22, 26-27, 31-32, 36, 38, 42, 44, and 46

Independent claim 17 has been rewritten to include the subject matter recited in dependent claim 35, which was indicated as allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 35 has accordingly been canceled.

package substrate in claim 21, as amended, is substantially identical to that recited in allowed independent claim 37. Thus claim 21 should also be allowable.

Dependent claim 22 has been amended as to form only, in order to use Markush wording recommended by MPEP § 2173.05(h).

Independent claim 26 has been rewritten to include the subject matter recited in dependent claim 43, which was indicated as allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 43 has accordingly been canceled.

Dependent claim 27 has been amended as to form only, in order to use Markush wording recommended by MPEP § 2173.05(h).

Independent claim 31 has been rewritten to include the subject matter recited in dependent claim 45, which was indicated as allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 45 has accordingly been canceled.

Dependent claim 32 has been amended as to form only, in order to use Markush wording recommended by MPEP § 2173.05(h).

In dependent claim 36, the dependency has been changed from claim 19 to claim 17, and the wording has been changed to reflect that in independent claim 17, as amended, the "film" already "comprises one or more vias".

Dependent claim 38 has been amended as to form only, in order to use Markush wording recommended by MPEP § 2173.05(h).

In dependent claim 42, the dependency has been changed from claim 23 to claim 21, and the wording has been changed to reflect that independent claim 21, as amended, already recites "one or more vias within the film".

In dependent claim 44, the dependency has been changed from claim 28 to claim 26, and the wording has been changed to reflect that in independent claim 26, as amended, the "film" already "comprises one or more vias".

In dependent claim 46, the wording has been changed to reflect that in independent claim 31, as amended, the "film" is already recited as having "one or more vias".
